OBJECTIVE

To obtain a challenging and rewarding role in a dynamic organization where I can utilize my skills in HTML5, CSS3, Python, Django, SQL to develop innovative web applications and contribute to the growth of the company, while continuously learning and expanding my expertise in software development and technologies, leveraging my strong foundation in computer science from the College of Applied Science, Chelakkara

EDUCATION

Bachelor of Computer Applications (BCA)

College of Applied Science, Chelakkara – University of Calicut — 2022 – 2025

Higher Secondary Education (HSE, Plus Two)

Govt. Higher Secondary School, Ottapalam – Kerala Board — 2020 – 2022

SSLC (10th)

Lady Sankaran Nair Govt. Higher Secondary School, Ottapalam – Kerala Board — 2019 – 2020

SKILL SUMMARY

- Front-End: HTML5, CSS3, Bootstrap, JavaScript, React
- Back-End: Python, Django, SQL
- Version Control: Git, GitHub

EXPERIENCE

Python Full Stack Development Intern

Luminar Technolab – Pursuing

Hands-on training in Python, Django, SQL, and front-end technologies with practical exposure to building full-stack applications.

PROJECTS

Tavola – Built a comprehensive system with three modules (Admin, User, Restaurant) to manage digital menus, orders, and restaurant profiles. Added allergy detection to improve safety by cross-checking ingredients against user preferences.

Developed real-time order tracking with status updates (prepared, delivered, canceled).

Bello – A social media web application with authentication, photo posting, and interactive features. Designed personalized profile sections for smooth user experience. Implemented features for photo posting, liking, and commenting.

Edunest – An education management platform for course browsing, enrollment, and pricing plans. Focused on simplifying student learning experiences. Created intuitive student dashboards to track progress and simplify learning experiences.

ZipRecruiters – A job portal supporting employer and job seeker profiles. Implemented features for job posting, browsing, and applications.

Innovation Fair – A web application for showcasing projects, where users can browse others' work and submit their own for collaboration and idea sharing.

ACTIVITIES

Student Police Cadet (SPC): Actively participated in discipline-building, community service, and awareness programs that enhanced leadership, teamwork, and social responsibility.

National Service Scheme (NSS): Volunteered in social outreach initiatives, environmental campaigns, and community development projects, contributing to social welfare and teamwork skills.

Women Empowerment Cell (CAS Member): Engaged in programs focused on women's empowerment, awareness campaigns, and workshops promoting gender equality and personal development.
